CORD

Description:

Elegant and practical

This sofa bed has it all: Style, comfort, a hidden bed and eight backrest positions. It's compact and perfect for small urban spaces. Available as a chair that turns into a single bed, and as a sofa that turns into a bed for two people.

Year of design: 2006

Function:

Multiple uses:

Comfortable chair or sofa for 2 or 3 persons.

Easily converted into a comfortable double bed or single bed.

Seat is folded out and the back rest of both the chair and the sofa can be adjusted into 8 different positions for individual comfort.

Sales Arguments:

Small, elegant and functional..

CORD is available as a small 2P sofa as well as a chair, both with a "hidden" bed function. A rather tight design is softened by the pillow-like armrests and practical back cushions. In spite of a width of only 170 cm, CORD is a "real" sofa bed, which offers a comfortable sleeping place for two persons. The chair can also be folded out and used as a single bed. The possibility of adjusting the back into 8 different positions gives CORD an extra dimension of comfort.

Design: Busk+Hertzog

busk+hertzog was established in Denmark in 2000 by Flemming Busk and Stephan B. Hertzog, and their successful studio, today located in Lisbon Portugal, has won more than 75 of the most prestigious international design awards, including Red Dot Award - Best of Best, IF Awards and Good Design Awards. busk+hertzog's design characteristics are sculptural, clean lines and a simple expression with minimal embellishment, and they often get their inspiration from shapes and lines found in nature.
